Mission & Purpose

Patriot Academy has a bold mission: to equip and inspire a new generation of leaders to advance the cause of freedom and truth in government, media, entertainment, and education, as we help restore our Constitutional Republic and the Biblical principles that cause a Nation to thrive. Patriot Academy has a proven track record of excellence through a simple five-part strategy:

- ★ Train citizens to understand and influence government policy with a Biblical worldview
- ★ Demonstrate the principles of ethical servant leadership from the Founding Fathers' perspective
- ★ Teach the political process and essential leadership skills through intense hands-on training
- ★ Inspire citizens to be salt and light in every area of society and culture
- ★ Equipping citizens with the tools to be force-multipliers as they in turn train other citizens

A National Impact

- States where Patriot Academy is being held in the State Capitol
- States with students that have attended a Patriot Academy program

Rapid Growth

The inaugural Patriot Academy occurred at the Texas Capitol in 2003 with thirty students.

In 2013, regional Patriot Academy Capitol Boot Camps began in the Southwest at the Arizona State Capitol and in the Northwest at the Idaho State Capitol.

Regional academies are now also taking place in the Southeast at the Florida State Capitol, the Northeast at the Delaware State Capitol, the Midwest at the Indiana State Capitol, and on college campuses in Colorado and Tennessee.

Constitution Classes and Constitutional Defense Courses are being held in local communities across the Nation, while thousands more are learning from us through online courses and radio programs.

What We Instill

Philosophy

Our society is woefully lacking in civic education and even a basic understanding of the values that made America the most successful nation in history. We teach our students to analyze legislation and issues through the lens of the liberty principles found in the Declaration of Independence.

Process

Because our training is so much like the official proceedings, actual state legislators have been known to attend Patriot Academy so they can be better prepared for and more effective in their upcoming legislative sessions. Going far beyond the textbook steps for how a bill becomes a law, students learn the art of effective negotiation, coalition building, and public relations. Conservative leaders too often rely on “right makes right” and ignore the strategy and tactics necessary to win the day. Our system of leadership training is built upon the Biblical “Men of Issachar” who understood the times AND knew what to do.

Personal Skills

Knowing the right thing to do and doing it effectively are two different things. Our patriots are trained with the ability to win the day by understanding and implementing the science of persuasion and communication so they can win over their colleagues and the general public. The patriots are also trained in a process that helps them identify their passion, plan their purpose, and effectively execute their plan. Tapping their life’s purpose and learning to implement timeless, proven strategies and habits for success will give these leaders a significant advantage over their peers and a tactical edge over those who are seeking to radically transform our nation away from her original intent.

L Limited Government

How to have a government operating within its proper limits.

I Individual Liberties

Understanding the Source of our inalienable rights.

E Free Enterprise

The true meaning behind “Pursuit of Happiness”.

T Timeless Truths

How to defend the things that make America strong.

A Sense of Duty

The “Patriot” theme is by design.

Students learn the inspirational stories of generations of patriots who sacrificed so that the Torch of Freedom could survive. At the end of trainings, they are challenged with the opportunity to join previous generations of patriots and affix their name to the Declaration of Independence beneath the names of Adams, Jefferson, and the other Signers.

Where Are They Now?

The alumni that are trained at Patriot Academy are not your “average” citizens. No matter the career or position they find themselves in, the leaders that have experienced Patriot Academy take the skills they have learned & put them to use in making a difference.

Constitution & Biblical Citizenship Classes in Every American Community

“ My wife and I have been blessed to teach this class three times at our home church in Lancaster, NY. People are shocked to hear the statistics that you and Mr. Barton share during the dialog. They are surprised at how faithful and Godly many of the founders were, as they were not taught that in public school. Overall I love the class and the structure. The inclusion of the “Constitution Made Easy” is great, and I make it a prerequisite before our first meeting.

Patriot Academy Campus

Where patriots become champions of liberty.

The campus will bring history to life as patriots are trained to be the catalyst for restoring Biblical values and Constitutional principles in their communities.

A Note From Rick

Liberty-loving Americans see the rubble of the culture crumbling around them and wonder what they can do. We at Patriot Academy know what to do and we're doing it. We're picking up the pieces and rebuilding on a solid foundation and it begins in the heart of Texas with the Patriot Academy Campus. Patriots of all ages will be trained in Biblical Worldview, Constitutional foundations, and communication skills to defeat the onslaught of propaganda from the left. This is where we draw the line in the sand and begin the hard work of quite literally restoring the republic.

Sincerely,

Rick Green
